

TAE-REP, Inc.

320 N. Washington St., Rochester, NY 14625

Rochester Tel: 585/586-8710 Fax: 585/586-8719 Clifton Park Tel: 518/371-3117 Fax: 518/383-3435

Product Line Card – April, 2010

Proudly Serving Upstate NY Since 1980

www.adaptivepower.com

- Economical AC voltage and frequency converters
- 500VA to 120kVA single chassis models

AMERICAN RELIANCE INC.

www.amrel.com

- DC loads for battery, fuel cell and power supply test
- 60W air-cooled to 100+kW water-cooled systems
- Frequency response analyzers

www.dataforth.com

- Industrial signal conditioners and isolators
- 5B, 7B, 8B, 9B and DIN formats
- Distributed data acquisition systems

Endevco

www.endevco.com

- Accelerometers and dynamic pressure sensors
- High performance, harsh environment capabilities
- Stocking program for popular models

GE Sensing

www.gesensing.com

GE Druck

- Pressure transducers and transmitters to 10,000 psi
- Digital pressure indicators, controllers and calibrators
- *Ruska* pressure controllers and piston gauges

GE General Eastern

- Chilled mirror hygrometers, dewpoint transmitters, humidity generators, and calibrators

GE Panametrics

- Ultrasonic and mass vortex flow meters
- Oxygen, flue gas and trace moisture analyzers
- Custom gas sampling systems

GE Rheonik

- Coriolis mass flow meters
- Suitable for high pressure, low pressure drop applications

www.pacificpower.com

- Programmable AC power sources
- 500VA to 62.5kVA, parallel to 625kVA
- DO-160, MIL-STD-704, Boeing, and Airbus test software

www.spectracomcorp.com

- Primary frequency references
- Bus-level timing boards, master clocks, network time servers, and distribution amplifiers
- *Pendulum Instruments* frequency standards/counters/analyzers

TDK-Lambda

us.tdk-lambda.com/hp/

- System DC power supplies from 200 W to 90 kW
- Programmable lab DC power supplies
- Capacitor charging and laser supplies

www.teseq.com

- Conducted & radiated EMC test instruments
- Emissions & immunity testers, ESD simulators
- Automotive EMC test systems and battery simulators

tmi.yokogawa.com

- DSOs & MSOs with extensive serial bus analysis
- Digital power analyzers and power meters
- Data acquisition and recorder products
- Function/Arb generators and Source-Measure Units
